

About Neurosensory

Neurosensory is an Australian company aligned with Ear, Nose and Throat (ENT) surgeons. Established in 1979 by a small group of ENT surgeons, we now have over 65 ENT surgeons across 24 locations.

Under the guidance of these ENT surgeons, Neurosensory audiology clinics provide:

- A guaranteed standard for testing in hearing care across a comprehensive range of audiology services.
- High quality reports specifically tailored to the needs of the medical community.
- Co-located practices enabling close collaboration between ENT surgeons and audiologists.
- Secure encrypted referral and reporting system to enable electronic medical reporting to GP and direct patient referrals to Neurosensory.

Best-practice clinical care is paramount to both our ENT surgeon partners and our audiologists.

Comprehensive hearing and balance care for adults and children.

Neurosensory goes from strength to strength as one of Australia's most trusted providers in hearing health care.
